
- Recognize Hazard
- Assess Risks
- Mitigate Exposure
- Post-Mortum — Prepare

Missing:
susceptability
to force
(ie. object is bumped)

Need:
process trajectory
of greater scenario (e.g. chem. expt.)
wherin a fix has a condition snapshot
that exceeds condition thresholds
of a hazard

Consequence could be the cause of another Haz event

Need:
Exposure over time
<axiomize it!
